EDUCATION

ETHZ, Swiss Federal Institute of Technology   Zürich, Switzerland
MSc in Mechanical Engineering. Major in robotics/control and management. **GPA: 5.39 (max 6)**   *Sept. 2022 - Present*

EPFL, Swiss Federal Institute of Technology   Lausanne, Switzerland
MSc in Micro- Engineering. Major in solar technologies. **GPA:** *5.30 (max 6). (discontinued)*   *Sept. 2021 - Aug. 2022*

EPFL, Swiss Federal Institute of Technology   Lausanne, Switzerland
BSc in Micro- Engineering. **GPA:** *5.23 (max 6)*   *Sept. 2018 - June 2021*

WORKING EXPERIENCE

Sensirion   Stäfa, Switzerland
R&D Engineering Intern   *Sept. 2023 - Present*
- Development of a next generation high accuracy low cost humidity reference.
- Technical support for multiple humidity and temperature related projects.

EPFL   Lausanne, Switzerland
Teaching Assistant in Mathematical Analysis   *Feb. 2021 - Jul. 2021*

ACADEMIC PROJECTS

Machine Learning Semester Project   ETHZ - UZH
Emerging Intelligent Substrates Group at the Institute for Neuro-Informatics (INI)   *Mar. 2023 - Jul. 2023*
- Discovery of a low-power neural architecture through evolutionary methods for solving the spiking Heidelberg digits (SHD) dataset..

Nano-Engineering Semester Project   EPFL
Micro-Systems Laboratory   *Feb. 2021 - Jun. 2022*
- Design, COMSOL simulation, and iterative improvement of superconducting electromagnetic resonators for high accuracy and highly parallel temperature measurements in cryostats for quantum computers.

Robotics Semester Project   EPFL
Mobile Robotics Lab as a part of the Hiveopolis Project   *Sept. 2021 - Jan. 2022*
- Design, fabrication and automation of a 1D measurement system for vibrational characterization of tweaked bee combs for human-bee communication.

EXTRACURRICULAR PROJECTS

ShARE's Leadership Program   EPFL - International
Consultant and Team Leader   *Sept. 2020 - Nov. 2022*
- Interim Vice-Presidence (2022): Planning and organization of the 2022 Autumn Semester.
- Analyst for a start-up (2022): Second hand online clothing platforms.
- Analyst for a start-up (2021): High end tech-watches.
- Analyst for a start-up (2021): AI enhanced stethoscope for lung disease diagnosis.
- Exercise analysis (2020): The potential for renewable energies in the Lebanese energy mix.

International Genetically Engineered Machine Competition (IGEM)   EPFL
Head Engineer and Laboratory Technician   *Feb. 2021 - Nov. 2021*
- Project: project selection, definition, literature review, and planning of experimental and technical tasks.
- Communication: stakeholder interviews, Sensitization of school children, production of a podcast (Spotify link here).
- Technical: design, prototyping, and testing of a raspberryPi controlled bioreactor for continuous treatment of water. Laboratory support for biological and chemical procedures and experiments.

TECHNICAL SKILLS

Software
- Programming Languages: Python, C/C++, Matlab, Arduino, SQL, VHDL, HTML/CSS, Javascript, C#, Java
- CAD: Autodesk Fusion 360, Catia V5
- FEM: COMSOL
- Version Control: Git

Laboratory Experience
- Clean room experience, Synbio laboratory experience, chemistry laboratory experience

LEADERSHIP

Vice-Presidence for EPFL at ShARE's Leadership Programme   EPFL
- Planning and organizing the local association with respect to the University and business partners

Team Leader at ShARE's Leadership Programme   EPFL
- Training of the next generation of "do well do good" ShARE EPFL consultants

Event Organizer   ETHZ - EMC2
- Planning and organization of events for students in the Masters of energy systems and technologies (MEST) program
